JUDGMENT
(Permission to Amend the Application for Authorization to Institute a Class Action)

---

[1] **CONSIDERING** that on March 30, 2026, the Plaintiff filed an Application for Authorization to Institute a Class Action (hereinafter the “Application for Authorization”);

[2] **CONSIDERING** that the Application for Authorization has not yet been heard;

[3] **CONSIDERING** that on September 16, 2026, the Plaintiff filed an Application for Permission to Amend the Application for Authorization to Institute a Class Action (the “Application”);

[4] **CONSIDERING** that the allegations of the Application and the draft Amended Application for Authorization to Institute a Class Action dated September 16, 2026 (R-1) have been reviewed;

[5] **CONSIDERING** articles 206, 207 and 585 of the *Code of Civil Procedure*;

[6] **CONSIDERING** that the right to amend a pleading must be given a broad and liberal interpretation, and an amendment will be refused only in exceptional circumstances;

[7] **CONSIDERING** that the Amended Application for Authorization to Institute a Class Action dated September 16, 2026, Exhibit R-1, is not contrary to the interests of justice, does not alter the nature of the proposed class action, nor does it result in an entirely new application having no connection with the original one, and is in the best interests of the members of the class;

[8] **CONSIDERING** that the Defendants do not oppose to the amended pleading;

FOR THESE REASONS, THE COURT:

[9] **GRANTS** the Application for Permission to Amend the Application for Authorization to Institute a Class Action;

[10] **AUTHORIZES** the Plaintiff to amend the Application for Authorization to Institute a Class Action as set forth in the Amended Application for Authorization to Institute a Class Action dated September 16, 2026, Exhibit R-1;

[11] **WITHOUT COSTS.**
